

Idaho BioScience

Idaho BioScience, a division of Santa Cruz Biotechnology, Inc., has a number of scientific positions available at its new Sun Valley, Idaho facility. This new division will focus on the development of monoclonal antibodies.

Positions available for recent graduates with a bachelor's degree in a relevant science include:

- **HYBRIDOMA DEVELOPMENT AND CELL CULTURE** - *In vitro* growth of mammalian cell lines, focusing primarily on the generation and growth of stable hybridoma cell lines for production of monoclonal antibodies.
- **ANTIBODY CHARACTERIZATION** - Characterize antibodies by designing and optimizing experiments, interpreting data, and selecting the best possible products to develop.
- **LABORATORY ASSISTANT** - Entry level, part-time position. Opportunity to gain valuable laboratory experience by providing support of analytical and preparative procedures required for the purification and analysis of antibodies and associated reagents.

For inquiries regarding Idaho BioScience or available positions, please visit www.scbt.com or call **1-800-457-3801**, reference this job flyer, and ask for Jennifer Zimmerman.

To apply, please submit a cover letter explaining why you want to work at Idaho BioScience and/or why you want to live in Sun Valley, Idaho and a resume, via e-mail, to hr@scbt.com.
