

# Introduction to Biochemical Research

Environmental  
& Medical

**June 15-26, 2009 • 8:30 a.m. to Noon • Boise State University**

**For high school students in 9th through 12th grade who have completed one year of chemistry.**

**Registration Deadline: June 1, 2009**

Enrollment limited to 12 high school students  
Registration Cost: \$350

**For complete registration materials contact:**

**Fabiola Juarez-Coca**  
Director, Concurrent Enrollment  
208-426-2281 or  
Email: [fjuarez@boisestate.edu](mailto:fjuarez@boisestate.edu)

**Workshop Sponsored by:**

- ◆ Concurrent Enrollment Program
- ◆ Physics Department
- ◆ Division of Extended Studies

**BOISE STATE**  
UNIVERSITY  
**EXTENDED STUDIES**

**Workshop Led by  
Henry Charlier, Ph.D.  
and Heidi Pluska, M.A.**

In this 2-week workshop, high school students will apply modern biochemical methods to solve a variety of problems encountered in the field of environmental and medical research.
