

# The Boise State University *Student Health Insurance Plan* (SHIP)

## CHOICES FOR ACADEMIC SUCCESS

A student's physical and emotional well-being is the foundation for academic success. The BSU-sponsored SHIP provides health care coverage designed to safeguard the health of students. It seamlessly integrates with the array of services provided by the Health, Wellness and Counseling Services (HWC).

## ELIGIBILITY

Students registered for 8 or more full fee credits, all international students, and all intercollegiate athletes are automatically enrolled in SHIP. The premium is included in each semester's tuition and fees bill. Part-time students are not eligible to enroll.

## WAIVER

Each semester, waivers must be filed by the 10th day of classes to disenroll from SHIP and remove the premium from your tuition and fees bill. The waiver must provide proof of continuous enrollment in an alternate U.S.-based health insurance plan with comparable benefits. Log onto broncoweb to submit your waiver request.
