

BOISE STATE UNIVERSITY

DISADVANTAGE BUSINESS ENTERPRISE

ANNUAL GOAL

FOR FY08

OCTOBER 1, 2007

THROUGH

SEPTEMBER 30, 2008

Posted: Friday, June 8, 2007

Comments accepted from: June 8, 2007 through July 23, 2007

Prepared by Valley Regional Transit

FY07 Disadvantaged Business Enterprise Annual Goal and Methodology

For Boise State University

A. BACKGROUND:

This document was prepared in accordance with FTA Code of Federal Regulation (49 CFR – 26)

Budgetary information used is based on available grants for Boise State University covering the period from October 1, 2007 to September 30, 2008.

B. ANNUAL GOAL:

Boise State University, as the federal grant recipient, has established a Disadvantaged Business Enterprise (DBE) goal of 1.3% of projected federal grant funds \$24,908 to be used for contract and lease opportunities for qualified DBE's in FY08.

C. CONTRACTING METHODOLOGY CALCULATION:

Boise State University used the eligible federal grant awards that will be expended in FY08 to determine projected contracting opportunities based on the following categories:

Construction: Construction of transit center and shelters

Design: Design of the transit center and shelters

(a) As identified by the Idaho Transportation Department (ITD) DBE directory (<http://www.itd.idaho.gov/civil/dbefirms.htm>), there were a total of 193 currently certified DBE's as of June 4, 2007.

(b) Of those 193 firms, there were 23 firms listed in the DBE directory (see categories below) that sell/provide the type of service/equipment Boise State University is likely to use in FY08.

Construction (Transit facility & Shelters): 19

Design (Transit facility & Shelters): 04

(c) By using North American Standard Industry Codes (NASIC), the following is a list of firms with like services to eligible DBE's based on Boise State University's projects: NASICS code for Construction: 2362 (Non-residential building), 2381 (Building foundation and exterior contractors) have 1391 firms, NASICS code for design: 54131 (Architectural, engineering & related services), have 587 firms. The total NASIC firms is 1978.

Attachments 1, 2, and 3 below were used to calculate the Fiscal Year 2008 DBE Contract Opportunity Award Goals: The Contracting Opportunities (CO's) base was derived after reviewing each budget line item for FY08 (Exhibit 1) and determining through the current on-line DBE directory (Exhibit 2) to see if there were DBE eligible CO's. The identified CO's were analyzed to determine the amount of FTA-assistance proportionately requested (Exhibit 3). The information from the "Exhibits" was used to complete the federal Attachments 1, 2 and 3 below.

D. DBE COMMITMENT

Boise State University continues to work with the Idaho Transportation Department's Civil Rights Division, in:

- (a) taking a more active role in identifying and certifying DBE's. BSU staff refers DBE's to the State of Idaho for certification.
- (b) requesting permission to conditionally accept DBE firms that are currently certified by other FTA grant recipients, pending that specific DBE's pursue equivalent certification in the State of Idaho.
- (c) continuing to initiate contracts with DBE firms outside of Southwest, Idaho, in an attempt to expand the geographic bidding area for DBE's to include states west of the Mississippi River. Eastern firms will also continue to be solicited when it appears economically feasible.
- (d) evaluating the 2000 Census data for the Service Population Demographics for six counties: Ada, Canyon, Boise, Owyhee, Elmore and Gem.

1. Female	49.6%
2. Hispanic	9.1%
3. Black	0.7%
4. Native American	0.8%
5. Asian	1.4%
6. Other	5.0%

E. PUBLIC COMMENT

The DBE goal and its rationale are available for inspection during normal business hours, M-F, 8:00 - 5:00, at the Boise State University's Vice President of Finance and Administration Office located at 1910 University Drive, Boise Idaho 83725, which located at the Administration building on BSU campus. It can also be viewed at the Valley Regional Transit administration office located at 830 North Main Street, Suite 230, Meridian, ID 83642 for 30 days after this notice. It can also be viewed on BSU's website at www.boisestate.edu/parking and at www.valleyregionaltransit.org. Any comments regarding these goals may be forwarded within 45 days of this notice to Kevin Bittner, Program Development Manager at Valley Regional Transit's administration office address listed above, or comments may be left at the location list above, or submitted to the FTA Region X office, Attn. Civil Rights Officer, Federal Transit Administration, 915 2nd Avenue, Room 3142, Seattle, WA 99174.

LEGAL NOTICE

Notice of DBE Program and Goal Boise State University

Notice is hereby given that Boise State University has finished its DBE goal FY08 and through race-neutral calculation has set its goal at 1.3%, and will submit such goal to the Federal Transit Administration.

The DBE program and goal and its rationale are available for inspection during normal business hours, M-F, 8:00 - 5:00, at the Boise State University's Finance and Administration office, 1910 University Drive, Boise, Idaho 83725 and at Valley Regional Transit's office located at 830 N. Main, Suite 230, Meridian, Idaho 83642 for 30 days from June 8, 2007 through July 9, 2007. It can also be viewed on BSU's website at www.boisestate.edu/parking and at www.valleyregionaltransit.org. Any comments regarding this goal may be forwarded within 45 days from June 8th through July 23, 2007 to BSU's Finance and Administration Office or to Valley Regional Transit at the above addresses or may be sent to the Federal Transit Administration, Attn. Civil Rights Officer, 915 2nd Avenue, Room 3142, Seattle, WA 99174.
