

Rules and regulations governing parking are in effect 24 hours per day, 7 days a week, 12 months a year unless otherwise specified.

Permit holders may be asked not to park in the BSU lots when events are scheduled.

Placement:

Decals are to be placed on the lower outside surface of the rear driver's side window. If you frequently drive more than one vehicle a hang-tag may be obtained from our office. The hang-tag (hanging permit) shall be displayed by hanging it from the rear view mirror or placing hang-tag on the driver's side dash inside the vehicle so that it is clearly visible from the outside of the vehicle. **The permit must be visible to be valid.** A hang-tag may only be moved between vehicles that have been previously registered with the Department of Transportation and Parking Services. Window decals are to be permanently adhered inside on the windshield, driver's side. It may be placed on the upper or lower area however; it is recommended that if there is a dark tint across the top that it not be positioned there. Displaying permits/decals in/on an unregistered is a violation of regulations, and the permit/decals will become invalid and/or confiscated, vehicle ticketed and/or impounded, and/or parking privileges revoked.

General Permits: A general parking permit does not guarantee a parking space; it simply allows one to park in any general parking area in a legal space. General permit parking is available in a designated portion of the Towers parking lot, the Stadium parking lot, and other general permit designated lots (Please see map for general permit designated areas). General permits are sold to current Boise State students, staff, faculty and alumnae and are valid when properly displayed in registered vehicles. General parking permits are valid in general permit required lots Monday through Friday between 7 a.m. and 5 p.m. From 5:00 p.m. to 12:30 a.m. Monday through Friday, 7:00 a.m. to 12:30 a.m. day on weekends, during official Boise State holiday breaks and when classes are not in session general parking permits are valid in reserved parking lots with the exception of the Brady Garage, Lincoln Garage and Administration Visitor Lot. **General permits are not valid for overnight parking.** *Overnight parking is allowed by those living in University Housing and Residence Halls only.*

Ownership of a general permit is not transferable; however, it may be moved between vehicles registered with the Department of Parking & Transportation Services and assigned to the permit. A special no-charge parking permit for the day may be obtained if the assigned general permit is unavailable. Dash permit cards shall be displayed fully visible, uncovered, printed side up on driver's side of dashboard inside vehicle. A permit holder is eligible for up to 10 school days of these special permits per year at no charge. Once these 10 days are used, visitor/day passes must be purchased.

Failure to comply with any of the foregoing could result in citation issuance and/or render permits invalid and registration incomplete.

Availability: From June 1, valid to end of following academic year.

Refund Policy, General Permits: A refund for parking permit fees may be obtained within the first ten (10) working days of the semester in which the permit was purchased. All outstanding fines with Parking Services must be paid in full prior to refund issuance. Proper identification must be presented, and permits must be returned to the Department of Parking & Transportation services. Refunds are paid by check and mailed in four to six weeks to the address supplied by the purchaser.
