I understand that the internal revenue code limits the amount I may contribute to retirement plans each year. It is my responsibility to monitor the amount I contribute per pay period to ensure that my total annual pre-tax deductions do not exceed the amount permitted by the IRS each year and to avoid making excess contributions, I may need to decrease my pre-tax contributions by filing a new Agreement. I further understand the University does not provide tax or investment advice and I should consult with my tax advisor or retirement consultant if I have investment or tax questions.
