Scope and Audience

This policy applies to all University students.

1. Policy Purpose

To describe the procedure and conditions under which final grades may be changed.

2. Policy Statement

Grades are considered final when the grade due date has passed for the semester. All grade changes after this date must be submitted by the instructor of record.
3. Responsibilities and Procedures

3.1 Changes in Final Grades

a. Students may initiate a change in final grade request with the individual instructor of record. If a change in final grade request is denied, the student may appeal the denial as outlined in Section 3.3 of this policy.

b. The instructor of record may change a letter grade by completing a Grade Change card. Required approval signatures on the card include the official instructor of record and the Department Chair for the department offering the course.

3.2 Changes in Incomplete Grades

a. At the discretion of the instructor, a grade of Incomplete “I” may be given when either 80% of the course or 80% of the coursework has been completed.

b. Students have one year to complete the coursework, or the grade is automatically changed to an “F.”

c. Students may not remove an incomplete by re-enrolling in the course. Students currently enrolled in a course in which they have received a previous “I” grade will be administratively dropped from the course.

d. A grade of “I” can be changed to a “W” only with the approval of the University Appeals Committee.

3.3 Appealing a Final Grade

If a student receives a final course grade that the student believes was inaccurately reported or unjust, the student has the right to appeal the grade as outlined in University Policy 3130 (Grade Appeal).
