1. Policy Purpose

To establish criteria for placing a student on academic probation, continuing a student on probation, or dismissing a student from the University for failure to meet academic grade point

average (GPA) requirements; or, in the case of a graduate student, failure to make Satisfactory Progress toward their graduate degree or certificate.

2. Policy Statement

Students at Boise State University are expected to make Satisfactory Progress toward attaining their degree to ensure they have a solid foundation of learning. The University has a responsibility to identify students who are not on track to achieving Satisfactory Progress and as such, uses the standards in this policy to provide clear and fair guidelines for academic performance.

3. Definitions

As it relates to academic progress (not financial aid), Satisfactory Progress may vary from academic program to academic program based on program requirements.
