

# Andrus Scholars Program

## Andrus Center for Public Policy

### 2021 Andrus Scholars Internship Opportunities

There are opportunities for six Andrus Scholars to be awarded in 2021! Each named Andrus Scholar will be awarded a 10-week summer internship at one of the following participating agencies:

*Due to COVID-19, some internships may be facilitated (partially or fully) remotely.*

- Advocates for the West
- Bureau of Land Management, Boise District Office
- Columbia River Inter-Tribal Fish Commission, Portland
- Idaho Conservation League
- Idaho Department of Fish and Game
- USFS, Boise National Forest

\*Some internships are supported by the National Science Foundation Idaho EPSCoR Program under award number OIA-1757324.

#### Andrus Scholars Program Includes:

10 week, 30/hr a week, 6-Credit hours Summer Internship

- \$6,000 in Andrus Scholar funds to help pay for internship credit hours, provide the equivalent to a living wage for hours worked, and any internship-related travel and expenses
- Professional letters of recommendation from internship agency supervisors, Environmental Studies Program Director or other pertinent program directors
- Admission to all Andrus Center sponsored conferences and events

### Andrus Scholars Program

Sponsored internships with federal, state, nonprofit, or other mission-centered business enterprises that provide environmentally focused undergraduate Boise State students with meaningful work experience that will enhance learning and skill development, assist in post-graduation job placement, and ultimately support the development of the environmental and public lands stewards of tomorrow.
