¹ A majority of students in certificate programs also are concurrently enrolled in a graduate degree program. Students are counted once in each degree type in which they are enrolled; therefore, the unduplicated total of degree seeking graduate students does not equal a sum of the degree levels.

"-Campus-Based Programs- " refers to students that are officially enrolled in programs delivered mostly in person, including majors, minors, and certificates. NOTE: these counts cannot be added to the Online Programs enrollment to equal the University total because students may be enrolled in both types of programs. Thus, students may be counted in both the Online and Campus-Based reports, but they would only be counted once in the unduplicated University-level report.
